RUSSIANS IN DANGER

FORCES OF GENERAL RENNENKAMPFF BEING FLANKED BY THE JAPANESE.

NO HOPE FOR PORT ARTHUR

RUSSIAN OFFICIALS ADMIT THE FORTRESS CAN HOLD OUT BUT A SHORT TIME.

St. Petersburg, Dec. 3.—A special dispatch received here from Mukden says:
"It is reported that General Rennenkampff has captured several Japanese guns and a convoy with 600 rifles, but that a force of 40,000, consisting of Chinese bandits and a reserve of 8,000 Japanese, has started to turn Rennenkampff's flank."

HOPE IS ABANDONED

RUSSIANS ADMIT THAT PORT ARTHUR CAN HOLD OUT BUT A SHORT TIME.

St. Petersburg, Dec. 3.—With the confirmation of the news that the Japanese have occupied 203-Meter hill and the report that the Russians unsuccessfully attempted its recapture, officials at the war office are beginning to prepare themselves for the inevitable.

Golden hill and Liaotai hill are higher and dominate 203-Meter hill, but the officials say that if the Japanese succeed in mounting heavy guns upon the latter it probably will be only a question of days or weeks before the fortress falls. Still, there is not the slightest idea among General Stoessel's friends that he will surrender, even if he should be ordered to do so. It is hinted that it is possible that if the fall of the fortress is shown to be inevitable the emperor may direct its surrender in order to prevent the unnecessary sacrifice of the remnant of its brave defenders; but it is believed by those who know General Stoessel best that he will literally make good his threat to hold out to the last man and the last cartridge in Port Arthur. The ships in the harbor, it can now be stated on high authority, are in no condition to attempt to break through the investing squadron. The guns of the warships were long ago landed and the marines and sailors have been participating in the land defenses. Some of the ships also have been injured by shells. If the fortress falls it is understood they will be taken outside and sunk in deep water in order to prevent the possibility of their ever being of service to the enemy.

RAPID CANNONADING HEARD.

Heavy Artillery Firing on Russian Southwest Front.

Mukden, Dec. 3.—From 2:30 o'clock Friday afternoon until late at night sounds of a rapid cannonade have been heard on the Russian southwest front, such as has not been experienced here for a long time, but no excitement has been caused by the incident.

General Rennenkampff, with his cavalry, is following the retreating Japanese, giving them no time to occupy a position. It seems that the Japanese in an attempt to seize Russian positions recently, so extended themselves as to deplete their reserves.

D. M. Clark & Co. have a full line of dictures and picture frames.

SIEGE GUNS AT WORK.

Russian Artillery Pounding Away Below Schiatun.

Mukden, Dec. 3.—The Russian siege artillery began a bombardment at noon Friday in the region of the railway below Schiatun, a station near Shakhe. The bombardment was continuing heavily throughout the afternoon. A large train of sick and wounded, part of whom were wounded in a recent small fight on the east flank, went north Thursday, indicating that the Russians were preparing for imminent casualties.

WOULD SEND THIRD SQUADRON.

Russian Press Wants Black Sea Ships Sent to the Orient.

St. Petersburg, Dec. 3.—The press again this morning returns to the question of sending a third squadron to reinforce Admiral Rojestvensky. The Novoe Vremya is particularly vehement and declares that the three best ships of the Black sea fleet, the Rostislav, Kniaz Potemkin and Tavritchesky, and Tria Sviatitsa (three saints) should at once be dispatched to join the second Pacific squadron.

MORE TROOPS FOR KUROPATKIN.

Greater Part of Second Manchurian Army at Harbin.

London, Dec. 3.—The Daily Telegraph's Harbin correspondent, under date of Dec. 2, says:

"The greater part of the Manchurian Second army has already arrived here. It is in splendid condition. General Gripenberg is expected tomorrow, en route to the front."

Submarines Successfully Tested.

St. Petersburg, Dec. 3.—Two American submarine boats have passed a very successful test at Cronstadt and will be shipped immediately to Vladivostok by rail.

Cruiser Tennessee to Be Launched.

Philadelphia, Dec. 3.—Governor James B. Frazier, accompanied by his wife, his staff and a party of Tennesseeans, arrived here Friday to participate in the launching of the United States armored cruiser Tennessee from Cramps' shipyard Saturday. Miss Annie Keith Frazier, the governor's daughter, will act as sponsor.

St. Joseph, Mich., Dec. 3.—Dr. H. T. Bridgeman and Irvin Clegg of Bridge-man were killed at a grade crossing west of Stevensville Friday by Pere Marquette flyer, No. 5, eastbound, from Chicago. The two men were driving in a closed buggy toward this city in a blinding snow storm.

RECEIVER IS APPOINTED.

Bankruptcy Petition Filed Against Mrs. Chadwick.

Cleveland, O., Dec. 3.—Jacques Krakauer of New York filed an involuntary petition in bankruptcy against Mrs. C. L. Chadwick in the federal court here Friday. Krakauer is a dealer in laces and embroidery. He claims \$600 to be due him from Mrs. Chadwick. The names of George Couch, a liveryman of the city, and H. F. Potter, merchant, were also signed to the petition on claims of \$300 and \$200, respectively. Nathan Loeser was appointed receiver.

TESTIMONY IS DAMAGING.

Young Boy Gives Evidence Against Orlin Kalderwit.

Anoka, Minn., Dec. 3.—Damaging testimony that will hold the Columbia Heights murder suspects to the grand jury was offered in the municipal court here Friday. Michael Krisko, Jr. swore positively that the leader of the bandits had a star tattooed on his right hand. Orlin Kalderwit's right hand bears the print of the tattooing needle, and, although the defense succeeded in keeping the hand out of evidence, the disfigurement is well known.

With the exception of the tattoo incident, the testimony given by the witnesses was much the same as that already told to the Minneapolis police.

FAIRBANKS IN WASHINGTON.

Vice President-Elect Calls on President Roosevelt.

Washington, Dec. 3.—Senator Fairbanks, vice president-elect, arrived in Washington Friday to remain during the session of congress. He was accompanied by Mrs. Fairbanks.

It was the first meeting of the president-elect and vice president-elect since the election. Senator Fairbanks stated that he had nothing to say yet about the date of his resignation from the senate.

RECEIVER APPOINTED

NEW YORK MAN FILES PETITION IN BANKRUPTCY AGAINST MRS. CHADWICK.

WOMAN NOT GOING ABROAD

REPORTS THAT MRS. CHADWICK WOULD SAIL FOR EUROPE ARE ALL DENIED.

New York, Dec. 3.—The interest in the affairs of Mrs. Cassie L. Chadwick of Cleveland took a new turn late Friday when a dispatch from Cleveland announced that bankruptcy proceedings had been brought against her there by Jacques Krakauer, a New York merchant, with an establishment on Fifth avenue.

Mr. Krakauer in an interview said that Mrs. Chadwick had been a customer in his establishment for some time, but that he had not instructed his Cleveland attorneys to take action against her. He said:

"I simply followed by usual business custom of having my Cleveland attorneys look after my interests."

Mrs. Chadwick's movements Friday were also a subject of much interest, and when she left the Holland House, where she has been living, and went to the Central Trust company building in Wall street her appearance attracted crowds of people.

The result of her visit in Wall street was not announced, but it is known she called on a firm of lawyers there.

There was a story in circulation Friday that Mrs. Chadwick contemplated leaving for Europe Saturday. Relative to this Philip Carpenter, one of her counsel, said that his client would not leave for Europe Saturday, and he added:

Will Stay Until Debts Are Paid.

"In fact, she will not leave this country until every dollar of her indebtedness has been paid."

Mr. Carpenter also made the statement that Mrs. Chadwick is a "very wealthy woman," and "amply able to care for all the claims against her."

Mrs. Chadwick was in consultation Friday with the firm of Butler, Notman, Joline & Mynderse, lawyers of Wall street. It was stated on good authority that this firm has been Mrs. Chadwick's counsel in this city for a number of years and one of her lawyers said that the fact that the firm has done business for a prominent millionaire whose name has appeared in connection with notes in this case was simply a coincidence.

It was also stated that no money or securities had been passed in the Newton suit, but that Mr. Newton had been given assurance as to a settlement and that the money would probably be passed within a few days. There were stories current at night to the effect that there had been a hitch in the settlement of the Newton suit, but these stories could not be confirmed.

Ingratitude is a form of weakness. I have never known a man of real ability to be ungrateful.—Goethe.

DEFAULTING CASHIER IN PRISON.

Pleads Guilty and Gets a Penitentiary Sentence.

Des Moines, Ia., Dec. 3.—N. H. Colton, the defaulting cashier of the Wapello State Savings bank, was indicted late Friday for the larceny of \$25,300 from the funds under his charge. Colton immediately entered a plea of guilty, and was sentenced to a term of two years and six months in the Fort Madison penitentiary, where he was taken Friday evening. Colton declined to reveal the manner in which the embezzlement had been made.

MOVEMENTS ARE PUZZLING.

Situation of Armies Below Mukden Attracting Attention.

St. Petersburg, Dec. 3.—The situation of the armies below Mukden is again attracting attention, but the movements in progress are very puzzling. The war office is inclined to reticence.

General Rennenkampff has hotly pursued a Japanese detachment below Sinsintsin, as far as the Taitse river, and on the right Russian scouts have explored the Hun river below Liaoyang. All the passes fell into Rennenkampff's hands. The Japanese apparently failed to show their oldtime form, and official as well as unofficial dispatches indicate that the edge has been taken off the Japanese fighting capabilities by the cold weather. The same reports say the Japanese threw away their rifles, many of which were captured. Other reports say Japanese officers shot five soldiers who refused to face the foe.

There was a heavy bombardment Friday along the Russian center and right, which might indicate that General Kuropatkin is preparing to assume the offensive.

It is the general opinion in military circles that the present situation cannot continue much longer; but it is argued that a frontal attack against fortified positions along the Shakhe river is bound to be disastrous to whichever side attempts it. Any serious advance to be successful, it is believed at the war office, must be accomplished by a wide strategic turning movement, as the armies are too close for tactical flanking operations.

Among some of the best informed officials a suspicion exists that Field Marshal Oyama is trying to work Kuropatkin around east of Sinsintsin with a view to striking the Russians above Tie pass, with the object of again trying a decisive coup; but no positive evidence of such a move has yet appeared.

Reports the past few days indicate that General Rennenkampff is hotly following up the Japanese retreat, meeting with comparatively little resistance; but some fear is expressed that he may be running into a Japanese trap formed with the hope of cutting off his command. It is believed he cannot possibly hold a position so far south as the Taitse river.

ENGAGES BRITAIN'S ATTENTION.

Possibility of Russia Trying to Send Out Her Black Sea Fleet.

London, Dec. 3.—The possibility of Russia trying to send her Black sea fleet to the far East strongly engages the attention of England in view of the complications which would result if such an attempt were made. It is understood that at the beginning of the war Baron Hayashi, the Japanese minister here, questioned Foreign Minister Lansdowne on the subject and received the most formal assurances that Great Britain would oppose any attempt of the Black sea fleet to pass into the Mediterranean sea.

It is considered in some quarters that Great Britain could not suffer a violation of the treaties regulating navigation of the Dardanelles without violating the spirit of the Anglo-Japanese treaty. There is no doubt that the speedy fall of Port Arthur and the destruction of the Russian war vessels there would be welcome news to Great Britain as tending to convince Russia of the uselessness of further endeavors to regain command of the sea in far Eastern waters.

TO DEFRAY THE WAR EXPENSES.

Russian Commission Considering Extraordinary Taxation.

St. Petersburg, Dec. 3.—A commission consisting of about 100 representatives of the ministry of finance, from various parts of the empire, is sitting at the ministry of finance, considering the question of extraordinary taxation, which is necessary to defray the expenses of the war. Many projects are being discussed.

OLDEST AMERICAN ACTRESS.

Mrs. Gilbert Dies at Chicago as Result of Apoplectic Stroke.

Chicago, Dec. 3.—Mrs. George Henry Gilbert, the oldest actress on the American stage, died in her rooms at the Sherman House during the day, shortly after she had suffered a stroke of apoplexy.

The apoplectic stroke came while Mrs. Gilbert was alone with her maid. The maid first sought to lift her onto a couch but, realizing that Mrs. Gilbert's attack was a grave one, the maid left her where she had fallen and summoned the house physician, Dr. J. T. Owen, who responded immediately to the call. He pronounced the condition of Mrs. Gilbert critical.

Mrs. Gilbert died of cerebral apoplexy. She lived but an hour and a half after being stricken. The attack is said by the attending physicians to have been due directly to the shock of a cold water bath.

The end came without a struggle. There was a smile upon the aged woman's face as she breathed her last. Three hours before her death the noted actress had risen and declared she intended to devote the day to shopping.

Mrs. Gilbert was born in England eighty-three years ago and came to this country with her husband, who was a dancer, in 1819. She was a member of Augustin Daly's company from 1869 until Mr. Daly's death. Since then she has appeared under the management of Charles Frohman.

It is understood that at the beginning of the war Baron Hayashi, the Japanese minister here, questioned Foreign Minister Lansdowne on the subject and received the most formal assurances that Great Britain would oppose any attempt of the Black sea fleet to pass into the Mediterranean sea.

It is considered in some quarters that Great Britain could not suffer a violation of the treaties regulating navigation of the Dardanelles without violating the spirit of the Anglo-Japanese treaty. There is no doubt that the speedy fall of Port Arthur and the destruction of the Russian war vessels there would be welcome news to Great Britain as tending to convince Russia of the uselessness of further endeavors to regain command of the sea in far Eastern waters.

Russian Commission Considering Extraordinary Taxation.

St. Petersburg, Dec. 3.—A commission consisting of about 100 representatives of the ministry of finance, from various parts of the empire, is sitting at the ministry of finance, considering the question of extraordinary taxation, which is necessary to defray the expenses of the war. Many projects are being discussed.

OLDEST AMERICAN ACTRESS.

Mrs. Gilbert Dies at Chicago as Result of Apoplectic Stroke.

Chicago, Dec. 3.—Mrs. George Henry Gilbert, the oldest actress on the American stage, died in her rooms at the Sherman House during the day, shortly after she had suffered a stroke of apoplexy.

The apoplectic stroke came while Mrs. Gilbert was alone with her maid. The maid first sought to lift her onto a couch but, realizing that Mrs. Gilbert's attack was a grave one, the maid left her where she had fallen and summoned the house physician, Dr. J. T. Owen, who responded immediately to the call. He pronounced the condition of Mrs. Gilbert critical.

Mrs. Gilbert died of cerebral apoplexy. She lived but an hour and a half after being stricken. The attack is said by the attending physicians to have been due directly to the shock of a cold water bath.

The end came without a struggle. There was a smile upon the aged woman's face as she breathed her last. Three hours before her death the noted actress had risen and declared she intended to devote the day to shopping.

Mrs. Gilbert was born in England eighty-three years ago and came to this country with her husband, who was a dancer, in 1819. She was a member of Augustin Daly's company from 1869 until Mr. Daly's death. Since then she has appeared under the management of Charles Frohman.

BRAINERD DAILY DISPATCH.

VOLUME 4, NO. 154.

BRAINERD, MINN., SATURDAY, DECEMBER 3, 1904

PRICE TWO CENTS.

RUSSIANS IN DANGER

FORCES OF GENERAL RENNENKAMPFF BEING FLANKED BY THE JAPANESE.

NO HOPE FOR PORT ARTHUR

RUSSIAN OFFICIALS ADMIT THE FORTRESS CAN HOLD OUT BUT A SHORT TIME.

St. Petersburg, Dec. 3.—A special dispatch received here from Mukden says: "It is reported that General Rennenkampff has captured several Japanese guns and a convoy with 600 rifles, but that a force of 40,000, consisting of Chinese bandits and a reserve of 8,000 Japanese, has started to turn Rennenkampff's flank."

HOPE IS ABANDONED

RUSSIANS ADMIT THAT PORT ARTHUR CAN HOLD OUT BUT A SHORT TIME.

St. Petersburg, Dec. 3.—With the confirmation of the news that the Japanese have occupied 203-Meter hill and the report that the Russians unsuccessfully attempted its recapture, officials at the war office are beginning to prepare themselves for the inevitable.

Golden hill and Liatoi hill are higher and dominate 203-Meter hill, but the officials say that if the Japanese succeed in mounting heavy guns upon the latter it probably will be only a question of days or weeks before the fortress falls. Still, there is not the slightest idea among General Stoessel's friends that he will surrender, even if he should be ordered to do so. It is hinted that it is possible that if the fall of the fortress is shown to be inevitable the emperor may direct its surrender in order to prevent the unnecessary sacrifice of the remnant of its brave defenders; but it is believed by those who know General Stoessel best that he will literally make good his threat to hold out to the last man and the last cartridge in Port Arthur. The ships in the harbor, it can now be stated on high authority, are in no condition to attempt to break through the investing squadron. The guns of the warships were long ago landed and the marines and sailors have been participating in the land defenses. Some of the ships also have been injured by shells. If the fortress falls it is understood they will be taken outside and sunk in deep water in order to prevent the possibility of their ever being of service to the enemy.

RAPID CANNONADING HEARD.

Heavy Artillery Firing on Russian Southwest Front.

Mukden, Dec. 3.—From 2:30 o'clock Friday afternoon until late at night sounds of a rapid cannonade have been heard on the Russian southwest front, such as has not been experienced here for a long time, but no excitement has been caused by the incident.

General Rennenkampff, with his cavalry, is following the retreating Japanese, giving them no time to occupy a position. It seems that the Japanese in an attempt to seize Russian positions recently, so extended themselves as to deplete their reserves.

D. M. Clark & Co. have a full line of pictures and picture frames.

SIEGE GUNS AT WORK.

Russian Artillery Pounding Away Below Schiatun.

Mukden, Dec. 3.—The Russian siege artillery began a bombardment at noon Friday in the region of the railway below Schiatun, a station near Shakhe. The bombardment was continuing heavily throughout the afternoon. A large train of sick and wounded, part of whom were wounded in a recent small fight on the east flank, went north Thursday, indicating that the Russians were preparing for imminent casualties.

WOULD SEND THIRD SQUADRON.

Russian Press Wants Black Sea Ships Sent to the Orient.

St. Petersburg, Dec. 3.—The press again this morning returns to the question of sending a third squadron to reinforce Admiral Rojestvensky. The Novoe Vremya is particularly vehement and declares that the three best ships of the Black sea fleet, the Rostislav, Kuzlitz, Potemkin and Tavrskiy, should at once be dispatched to join the second Pacific squadron.

MORE TROOPS FOR KUROPATKIN.

Greater Part of Second Manchurian Army at Harbin.

London, Dec. 3.—The Daily Telegraph's Harbin correspondent, under date of Dec. 2, says:

"The greater part of the Manchurian Second army has already arrived here. It is in splendid condition. General Grippenberg is expected tomorrow, en route to the front."

Submarines Successfully Tested.

St. Petersburg, Dec. 3.—Two American submarine boats have passed a very successful test at Cronstadt and will be shipped immediately to Vladivostok by rail.

Cruiser Tennessee to Be Launched.

Philadelphia, Dec. 3.—Governor James B. Frazier, accompanied by his wife, his staff and a party of Tennesseans, arrived here Friday to participate in the launching of the United States armored cruiser Tennessee from Cramps' shipyard Saturday. Miss Annie Keith Frazier, the governor's daughter, will act as sponsor.

TRAIN KILLS TWO MEN.

Strikes a Buggy and Brings Death to Occupants.

St. Joseph, Mich., Dec. 3.—Dr. H. T. Bridgman and Irvin Gregg of Bridgeport were killed at a grade crossing west of Stevensville Friday by Pere Marquette No. 5, eastbound, from Chicago. The two men were driving in a closed buggy toward this city in a blinding snow storm.

RECEIVER IS APPOINTED.

Bankruptcy Petition Filed Against Mrs. Chadwick.

Cleveland, O., Dec. 3.—Jacques Krakauer of New York filed an involuntary petition in bankruptcy against Mrs. C. L. Chadwick in the federal court here Friday. Krakauer is a dealer in laces and embroidery. He claims \$500 to be due him from Mrs. Chadwick. The names of George Couch, a liveryman of this city, and H. F. Potter, a merchant, were also signed to the petition on claims of \$300 and \$200, respectively. Nathan Loeser was appointed receiver.

TESTIMONY IS DAMAGING.

Young Boy Gives Evidence Against Orin Kaldewit.

Anoka, Minn., Dec. 3.—Damaging testimony that will hold the Columbia Heights murder suspects to the grand jury was offered in the municipal court here Friday. Michael Krisko, Jr., swore positively that the leader of the bandits had a star tattooed on his right hand. Orin Kaldewit's right hand bears the print of the tattooing needle, and, although the defense succeeded in keeping the hand out of evidence, the disfigurement is well known.

With the exception of the tattoo incident, the testimony given by the witnesses was much the same as that already told to the Minneapolis police.

FAIRBANKS IN WASHINGTON.

Vice President-Elect Calls on President Roosevelt.

Washington, Dec. 3.—Senator Fairbanks, vice president-elect, arrived in Washington Friday to remain during the session of congress. He was accompanied by Mrs. Fairbanks.

The senator and Mrs. Fairbanks called at the White House, where they received a cordial welcome from President and Mrs. Roosevelt. It was the first meeting of the president-elect and vice president-elect since the election. Senator Fairbanks stated that he had nothing to say yet about the date of his resignation from the senate.

CONVICTED OF MURDER.

Indiana Man Sentenced to Prison for Life.

Versailles, Ind., Dec. 3.—After being out twenty minutes the jury in the trial of Clifford Darling, charged with the murder of his wife, whom he shot during a quarrel at the home of her father at Pierreville, on Thanksgiving day, Friday returned a verdict of murder in the first degree and sentenced Darling to life imprisonment.

Danish Wrestler Victorious.

New York, Dec. 3.—H. H. Egeberg of Denmark defeated John Piening of New York by two falls out of three in a wrestling bout, Gracioso-Roman style, in the Harlem River Casino Friday night, before 3,000 people.

More Christmas Suggestions

A glance through our store will reveal many things that will assist you in deciding what to give for Christmas. Some of them are:

Dressing Sacque Materials

Patterns designed especially for them in a good weight. A large assortment of patterns in 36 and 28 inch widths at 15, 18 and 20c the yard.

Handkerchief, Laces and Centers

Pretty plain or embroidered handkerchief centers and a most excellent assortment of laces. No friend but that will appreciate a gift of this kind. While mentioning laces it might not be out of place to say that no line of goods in our store has received more favorable comment than our handkerchief laces.

Bath Robe Materials

Not a man or woman but likes a bathrobe. We show some very pretty materials especially adapted for this purpose. Blankets at 69c a pair and bath robes at \$1.25 each. Then we have a very pretty, heavy robe material much better than is found in a cotton blanket—32 inches wide at 39c the yard.

These are but a few of the things we might suggest. The store teems with many others. Come in and look around and you will find something to please.

NEW YORK MAN FILES PETITION IN BANKRUPTCY AGAINST MRS. CHADWICK.

REPORTS THAT MRS. CHADWICK WOULD SAIL FOR EUROPE ARE ALL DENIED.

DEFAULTING CASHIER IN PRISON.

Pleads Guilty and Gets a Penitentiary Sentence.

Des Moines, Ia., Dec. 3.—N. H. Colton, the defaulting cashier of the Wapello State Savings bank, was indicted late Friday for the larceny of \$25,300 from the funds under his charge. Colton immediately entered a plea of guilty, and was sentenced to a term of two years and six months in the Fort Madison penitentiary, where he was taken Friday evening.

Colton declined to reveal the manner in which the embezzlement had been made.

MOVEMENTS ARE PUZZLING.

Situation of Armies Below Mukden Attracting Attention.

St. Petersburg, Dec. 3.—The situation of the armies below Mukden is again attracting attention, but the movements in progress are very puzzling. The war office is inclined to reticence.

General Rennenkampff has hotly pursued a Japanese detachment below Sintsintin, as far as the Taitse river, and on the right Russian scouts have explored the Hun river below Liaoyang. All the passes fell into Rennenkampff's hands. The Japanese apparently failed to show their oldtime form, and official as well as unofficial dispatches indicate that the edge has been taken off the Japanese fighting capabilities by the cold weather. The same reports say the Japanese threw away their rifles, many of which were captured. Other reports say Japanese officers shot five soldiers who refused to face the foe.

There was a heavy bombardment Friday along the Russian center and right, which might indicate that General Kuropatkin is preparing to assume the offensive.

It is the general opinion in military circles that the present situation cannot continue much longer; but it is argued that a frontal attack against fortified positions along the Shakhe river is bound to be disastrous to whichever side attempts it. Any serious advance to be successful, it is believed at the war office, must be accomplished by a wide strategic turning movement, as the armies are too close for tactical flanking operations.

Among some of the best informed officials a suspicion exists that Field Marshal Oyama is trying to work Kuropatkin around east of Sintsintin with a view to striking the Russians above Tie pass, with the object of again trying a decisive coup; but no positive evidence of such a move has yet appeared.

Reports the past few days indicate that General Rennenkampff is hotly following up the Japanese retreat, meeting with comparatively little resistance; but some fear is expressed that he may be running into a Japanese trap formed with the hope of cutting off his command. It is believed he cannot possibly hold a position so far south as the Taitse river.

ENGAGES BRITAIN'S ATTENTION.

Possibility of Russia Trying to Send Out Her Black Sea Fleet.

London, Dec. 3.—The possibility of Russia trying to send her Black sea fleet to the far East strongly engages the attention of England in view of the complications which would result if such an attempt were made. It is understood that at the beginning of the war Baron Hayashi, the Japanese minister here, questioned Foreign Minister Lansdowne on the subject and received the most formal assurances that Great Britain would oppose any attempt of the Black sea fleet to pass into the Mediterranean sea.

Three Times Seven.

In the "Life and Correspondence of Arthur Penrhyn Stanley, D. D." the author tells us that the distinguished preacher had an entire lack of humor, and he cites an amusing incident in proof thereof.

I was telling Dean Stanley that Musclican Halle's cook had lately won a good round sum in a lottery with the number 23.

Halle was interested and asked her how she came to fix on so lucky a number.

"Oh, sir," said she, "I had a dream. I dreamed of number 7. I dreamed of it three times, and as three times seven makes twenty-three I chose that number, sir."

When I had concluded my story I observed a wistful expression on Arthur's countenance, as if he were ready—nay, anxious—to be amused, but could not for the life of him quite manage it. Then suddenly his face brightened, and he said, but not without a tinge of dejection:

"Ah, yes, I see. Yes, I suppose three times seven is not twenty-three."

CELEBRATED GOLDEN WEDDING

J. A. McColl's Parents Celebrate Golden Wedding at Sarnia, Ont., November 30

MR. MCCOLL RETURNED TODAY

Have Lived Entire Fifty Years in Same City—Original Brides-maid Was Present.

J. A. McColl returned this morning from a trip to St. Louis where he took in the big fair and to Sarnia, Ontario, where he attended the golden wedding of his parents, Mr. and Mrs. Ronald McColl, of that city. Golden weddings are of sufficient rarity to make them always a matter of interest, but in this case there were elements of unusual rarity which make it especially notable.

Mr. and Mrs. McColl Sr., were married in Sarnia, Ontario, November 30, 1854, and celebrated their golden wedding in the same town, having lived there the entire fifty years. They both came of sturdy Scotch Presbyterian stock, Mrs. McColl being the fourth of fourteen children, all of whom grew to man and womanhood. The bridesmaid at the wedding, a sister of Mrs. McColl, was present at the golden wedding, as was one brother and three other sisters of the bride. There were present at the golden wedding three out of four sons and the three living daughters of the aged couple. It is a somewhat noticeable fact that while Mr. McColl was one of a family of twelve and his wife one of a family of fourteen and they have had nine children, seven of whom are living, they have only two grand children, neither of whom were present.

About thirty descendants and relatives were present at the anniversary and a sumptuous wedding supper was served by colored waiters. The favors were in the shape of a St. Andrews cross it being St. Andrews' day, and were decorated with Scotch thistles, designed by one of their daughters.

H. P. Dunn & Co.'s list of books which appears on page 4 is the most complete ever shown in the city.

Officials of Wells Fargo Express Company Trying to Locate \$15,000.

San Francisco, Dec. 2.—Since Tuesday of this week the officials of the Wells Fargo Express company and a force of special detectives have been seeking to trace \$15,000 in gold which has disappeared from the company's office in this city. The money was in double eagles and was delivered to the company's agents for shipment to San Jose. It has been found that the money was properly waybilled, but from that point all trace of the gold is lost. Employees of the company have been questioned and searching investigations have been made, but with no success. Whether it was lost or stolen no one knows.

Newcastle, Ind., Dec. 2.—The jury in the case of Haley Gipe, on trial for the murder of Mrs. William Sears-buck and baby, who were found in an abandoned well near Greensboro on July 9, Thursday returned a verdict of involuntary manslaughter, which carries with it a sentence of from 2 to 21 years in the penitentiary.

Three Times Seven.

In the "Life and Correspondence of Arthur Penrhyn Stanley, D. D." the author tells us that the distinguished preacher had an entire lack of humor, and he cites an amusing incident in proof thereof.

I was telling Dean Stanley that Musclan Halle's cook had lately won a good round sum in a lottery with the number 23.

Halle was interested and asked her how she came to fix on so lucky a number.

"Oh, sir," said she, "I had a dream. I dreamed of number 7. I dreamed of it three times, and as three times seven makes twenty-three I chose that number, sir."

When I had concluded my story I observed a wistful expression on Arthur's countenance, as if he were ready, nay, anxious to be amused, but could not for the life of him quite manage it. Then suddenly his face brightened, and he said, but not without a tinge of dejection:

"Ah, yes, I see. Yes, I suppose three times seven is not twenty-three."

CELEBRATED GOLDEN WEDDING

J. A. McColl's Parents Celebrate Golden Wedding at Sarnia, Ont., November 30

MR. MCCOLL RETURNED TODAY

Have Lived Entire Fifty Years in Same City—Original Brides-maid Was Present.

J. A. McColl returned this morning from a trip to St. Louis where he took in the big fair and to Sarnia, Ontario, where he attended the golden wedding of his parents, Mr. and Mrs. Ronald McColl, of that city. Golden weddings are of sufficient rarity to make them always a matter of interest, but in this case there were elements of unusual rarity which make it especially notable.

Mr. and Mrs. McColl Sr., were married in Sarnia, Ontario, November 30, 1854, and celebrated their golden wedding in the same town, having lived there the entire fifty years. They both came of sturdy Scotch Presbyterian stock, Mrs. McColl being the fourth of fourteen children, all of whom grew to man and womanhood. The bridesmaid at the wedding, a sister of Mrs. McColl, was present at the golden wedding, as was one brother and three other sisters of the bride. There were present at the golden wedding three out of four sons and the three living daughters of the aged couple. It is a somewhat noticeable fact that while Mr. McColl was one of a family of twelve and his wife one of a family of fourteen and they have had nine children, seven of whom are living, they have only two grand children, neither of whom were present.

About thirty descendants and relatives were present at the anniversary and a sumptuous wedding supper was served by colored waiters. The favors were in the shape of a St. Andrews cross it being St. Andrews' day, and were decorated with Scotch thistles, designed by one of their daughters.

H. P. Dunn & Co.'s list of books which appears on page 4 is the most complete ever shown in the city.

Yours Respectfully,

OF A ROUTINE NATURE

BUSINESS TO BE TRANSACTED BY CONGRESS AT THE FIRST DAY'S SESSION.

PLENTY OF WORK IN SIGHT

CALENDARS OF BOTH HOUSES ARE LOADED WITH BILLS OF ALL KINDS.

Washington, Dec. 3.—On the stroke of 12, Monday, the second session of the Fifty-eighth congress will be called to order by President Pro Tem Frye in the senate and by Speaker Cannon in the house. When the gavel of the presiding officers summon the senators and representatives to duty nearly every member will be in his seat, but only routine business will be transacted. The chaplains will pray, the rolls will be called, the regular resolutions of notification will be passed, committees to inform the president will be appointed and adjournment will follow out of respect for the deceased members. The president's message generally is received and read the first day, but the senate is punctilious in certain matters and is almost sure to adjourn as a tribute of respect to the late Senator Hoar of Massachusetts and the late Senator Quay of Pennsylvania. The message, therefore, probably will not be read until Tuesday.

Has Become a Flower Show.

But there will be enough to attract the crowds which will fill the galleries. The opening of a session of congress has become a flower show. Immense floral pieces designed to typify the man, or the state, or the district he represents are placed upon members' desks in both chambers, after times totally obscuring the man they are intended to compliment. Besides these huge floral emblems, senators and members are remembered more modestly by simple bunches of flowers.

After the opening day, when the message of the president is read, the regular business of the session will begin and the legislative wheels will grind steadily until March 4, 1905. There is plenty to do. The calendars of both houses are loaded with bills of all kinds; hundreds of new bills will be introduced and committees are ready to report enough to keep congress busy for twelve months, but in the three months congress probably will do little more than pass the regular annual appropriation bills. There has been some talk of a possible extra session. The only reason why such a session should be called is because there is a

Demand in Certain Quarters

for a revision of the tariff, but many of the congressmen have recently made it plain that they do not want tariff revision and further that they do not want an extra session.

There is one feature of the tariff revision talk that has some substance. More revenue must be had or there must be a curtailment of expenditures. With the increasing annual appropriations, a river and harbor bill, increase of the navy, the Panama canal and other features of extraordinary disbursement, there will be need for more money than present customs and internal revenues provide. An intimation has been made that curtailment will satisfy many congressional leaders, but the majority may determine otherwise, in which event some revenue legislation may be necessary and an extra session for that purpose may be called. But this is said to be a remote contingency and the probabilities, according to the leaders, are that there will be neither tariff legislation nor an extra session.

The Subject of Reciprocity.

Coupled with tariff legislation discussion is the subject of reciprocity. A number of proposed reciprocity treaties have been, and still are reposing in the pigeon holes of the senate. During the coming three months there may be some talk about these treaties, but the indications are they will not be seriously considered.

The Philippines railroad bill is the unfinished business in the senate. A bill providing for a reduction of duty on Philippine products will be considered. FIFTH TRIAL OF DR. AMES.

Former Mayor of Minneapolis to Be Again Tried on Bribery Charge.

Minneapolis, Dec. 3.—The fifth trial of Dr. A. A. Ames, charged with taking a bribe of \$20 from a woman of the town while mayor of the city, is now in progress before Judge Elliott. Three jurors were selected Friday and it may be possible to begin the taking of evidence Monday. All the old familiar faces were in the courtroom when the case was called.

The venire of 100 men was exhausted at 2 p. m. and the case was continued until Saturday, pending the collection of a new venire of 120 men.

Panic on a Ferryboat.

New York, Dec. 3.—Eight hundred passengers on the ferryboat Panpech of the Hoboken ferry line were thrown into a panic Friday evening and several were injured when the ferryboat was struck in mid-stream by a Hudson river steamer, the name of which has not yet been earned.

The THEATRE

"WAY DOWN EAST."

Brainerd theatre goers will remember "Way Down East" with considerable delight and will welcome its coming again. This beautiful play will be seen at the Brainerd opera house next Monday evening. The seat sale opened this morning and there is a good demand.

This rural drama is a production of New England types and phases and is said to be an admirable piece of work. The naturalism of the play itself is increased and heightened by the realistic

particular snow storm seems to have set in to last the rest of the winter. The flakes drive past the windows as if blown upon the winds of a gale; they are in fact blown by machinery. It is all intensely interesting and extremely picturesque.

The company which Manager Brady has selected for this piece is one of the very strongest ever gathered for a play of this kind.

"RUDOLPH AND ADOLPH"

One very unique statement in the advertisement matter of the "Rudolph and Adolph" performance which is to appear at the Brainerd opera house next Thursday evening, December 8, is this one: "We do not claim to particularly elevate the stage, but we do guarantee to drive away blues." It is the most amusing melange that has ever been seen in Brainerd. The following is the way the performance took at Grand Rapids, Mich., according to the Post of that city:

"The three-act farcical melange, 'Rudolph and Adolph,' drew a packed house in the Majestic last night and proved worthy of the gathering for those who went to be amused. It is a farce-comedy, made good by a capable company, with Harry West and Harry M. Price as 'Rudolph' and 'Adolph.' Germanisms of remarkable resemblance, but no relationship, who constantly get into humorous complications.

The farce makes no pretensions of being anything but an amuser. It is to be regretted that was but a one-night engagement, as Majestic patrons generally fill the house at each performance when the comedians are good, as they were last night."

MERCHANTS' CARNIVAL.

The grand spectacular carnival to be given at the opera house Monday and Tuesday evenings, Dec. 12 and 13 will be a pleasing diversion from all local talent productions given in the past.

The performance is a most unique one consisting as it does of costumes ranging from the ridiculous to the sublime, pantomimic features that are "really funny." Humorous farces forty little tots in fairy delarates, tuncful sextettes, black face, astounding electrical effects and many other features equally meritorious. Never a dull moment throughout the entire performance and given with the dash and brilliancy of professionalism which fact has made this presentation so popular throughout the country. Under the auspices of the ladies of the Congregational church and under the personal direction of Carrol E. Johnson.

"THE TENDERFOOT."

A high class attraction announced to appear at the Brainerd opera house soon is the big musical comedy, "The Tenderfoot."

"SIGN OF THE CROSS."

"Sign of the Cross" will be seen soon at the Brainerd opera house, presented by a capable company.

OF A ROUTINE NATURE

BUSINESS TO BE TRANSACTED
BY CONGRESS AT THE FIRST
DAY'S SESSION.

PLENTY OF WORK IN SIGHT

CALENDARS OF BOTH HOUSES
ARE LOADED WITH BILLS
OF ALL KINDS.

Washington, Dec. 3.—On the stroke of 12, Monday, the second session of the Fifty-eighth congress will be called to order by President Pro Tem Frye in the senate and by Speaker Cannon in the house. When the gavel of the presiding officers summon the senators and representatives to duty nearly every member will be in his seat, but only routine business will be transacted. The chaplains will pray, the rolls will be called, the regular resolutions of notification will be passed, committees to inform the president will be appointed and adjournment will follow out of respect for the deceased members. The president's message generally is received and read the first day, but the senate is punctilious in certain matters and is almost sure to adjourn as a tribute of respect to the late Senator Hoar of Massachusetts and the late Senator Quay of Pennsylvania. The message, therefore, probably will not be read until Tuesday.

Has Become a Flower Show.

But there will be enough to attract the crowds which will fill the galleries. The opening of a session of congress has become a flower show. Immense floral pieces designed to typify the man, or the state, or the district he represents are placed upon members' desks in both chambers, after times totally obscuring the man they are intended to compliment. Besides these huge floral emblems, senators and members are remembered more modestly by simple bunches of flowers.

After the opening day, when the regular business of the session will begin and the legislative wheels will grind steadily until March 4, 1905. There is plenty to do. The calendars of both houses are loaded with bills of all kinds; hundreds of new bills will be introduced and committees are ready to report enough to keep congress busy for twelve months, but in the three months congress probably will do little more than pass the regular annual appropriation bills. There has been some talk of a possible extra session. The only reason why such a session should be called is because there is a

Demand in Certain Quarters

for a revision of the tariff, but many of the congressmen have recently made it plain that they do not want tariff revision and further that they do not want an extra session.

There is one feature of the tariff revision talk that has some substance. More revenue must be had or there must be a curtailment of expenditures. With the increasing annual appropriations, a river and harbor bill, increase of the navy, the Panama canal and other features of extraordinary disbursement, there will be need for more money than present customs and internal revenues provide. An intimation has been made that curtailment will satisfy many congressional leaders, but the majority may determine otherwise, in which event some revenue legislation may be necessary and an extra session for that purpose may be called. But this is said to be a remote contingency and the probabilities, according to the leaders, are that there will be neither tariff legislation nor an extra session.

The Subject of Reciprocity.

Coupled with tariff legislation discussion is the subject of reciprocity. A number of proposed reciprocity treaties have been, and still are reposing in the pigeon holes of the senate. During the coming three months there may be some talk about those treaties, but the indications are they will not be seriously considered.

The Philippines railroad bill is the unfinished business in the senate. A bill providing for a reduction of duty on Philippine products will be considered. Other matters of interest to be considered are the statehood bill, Judge Swayne impeachment case, Senator Reed Smoot's case, merchant marine bill, Chinese exclusion law, immigration laws, protection of the president, currency legislation, campaign contributions legislation, trust laws, eight-hour law, pure food bill, irrigation laws, river and harbor bill and many other measures of less importance.

OF A ROUTINE NATURE

BUSINESS TO BE TRANSACTED BY CONGRESS AT THE FIRST DAY'S SESSION.

PLENTY OF WORK IN SIGHT

CALENDARS OF BOTH HOUSES ARE LOADED WITH BILLS OF ALL KINDS.

Washington, Dec. 3.—On the stroke of 12, Monday, the second session of the Fifty-eighth congress will be called to order by President Pro Tem Frye in the senate and by Speaker Cannon in the house. When the gavel of the presiding officers summon the senators and representatives to duty nearly every member will be in his seat, but only routine business will be transacted. The chaplains will pray, the rolls will be called, the regular resolutions of notification will be passed, committees to inform the president will be appointed and adjournment will follow out of respect for the deceased members. The president's message generally is received and read the first day, but the senate is punctilious in certain matters and is almost sure to adjourn as a tribute of respect to the late Senator Hoar of Massachusetts and the late Senator Quay of Pennsylvania. The message, therefore, probably will not be read until Tuesday.

Has Become a Flower Show.

But there will be enough to attract the crowds which will fill the galleries. The opening of a session of congress has become a flower show. Immense floral pieces designed to typify the man, or the state, or the district he represents are placed upon members' desks in both chambers, after times totally obscuring the man they are intended to compliment. Besides these huge floral emblems, senators and members are remembered more modestly by simple bunches of flowers. After the opening day, when the message of the president is read, the regular business of the session will begin and the legislative wheels will grind steadily until March 4, 1905. There is plenty to do. The calendars of both houses are loaded with bills of all kinds; hundreds of new bills will be introduced and committees are ready to report enough to keep congress busy for twelve months, but in the three months congress probably will do little more than pass the regular annual appropriation bills. There has been some talk of a possible extra session. The only reason why such a session should be called is because there is a

Demand in Certain Quarters

for a revision of the tariff, but many of the congressmen have recently made it plain that they do not want tariff revision and further that they do not want an extra session.

There is one feature of the tariff revision talk that has some substance. More revenue must be had or there must be a curtailment of expenditures. With the increasing annual appropriations, a river and harbor bill, increase of the navy, the Panama canal and other features of extraordinary disbursement, there will be need for more money than present customs and internal revenues provide. An intimation has been made that curtailment will satisfy many congressional leaders, but the majority may determine otherwise, in which event revenue legislation may be necessary and an extra session for that purpose may be called. But this is said to be a remote contingency and the probabilities, according to the leaders, are that there will be neither tariff legislation nor an extra session.

The Subject of Reciprocity.

Coupled with tariff legislation discussion is the subject of reciprocity. A number of proposed reciprocity treaties have been, and still are, reposing in the pigeon holes of the senate. During the coming three months there may be some talk about these treaties, but the indications are they will not be seriously considered. The Philippines railroad bill is the unfinished business in the senate. A bill providing for a reduction of duty on Philippine products will be considered. Other matters of interest to be considered are the statehood bill, Judge Swayne impeachment case, Senator Reed Smoot's case, merchant marine bill, Chinese exclusion law, immigration laws, protection of the president, currency legislation, campaign contributions legislation, trust laws, eight-hour law, pure food bill, irrigation laws, river and harbor bill and many other measures of less importance.

FIFTH TRIAL OF DR. AMES.

Former Mayor of Minneapolis to Be Again Tried on Bribery Charge.

Minneapolis, Dec. 3.—The fifth trial of Dr. A. A. Ames, charged with taking a bribe of \$20 from a woman of the town while mayor of the city, is now in progress before Judge Elliott. Three jurors were selected Friday and it may be possible to begin the taking of evidence Monday. All the old familiar faces were in the courtroom when the case was called.

The venire of 100 men was exhausted at 2 p. m. and the case was continued until Saturday, pending the collection of a new venire of 120 men.

Panic on a Ferryboat.

New York, Dec. 3.—Eight hundred passengers on the ferryboat Paupach of the Hoboken ferry line were thrown into a panic Friday evening and several were injured when the ferryboat was struck in mid-stream by a Hudson river steamer, the name of which has not yet been earned.

Chaffee to Be Grand Marshal.

Washington, Dec. 3.—General John M. Wilson, chairman of the inaugural committee, has appointed Lieutenant General Adna R. Chaffee to be grand marshal of the inaugural parade.

The THEATRE

"WAY DOWN EAST."

Brainerd theatre goers will remember "Way Down East" with considerable delight and will welcome its coming again. This beautiful play will be seen at the Brainerd opera house next Monday evening. The seat sale opened this morning and there is a good demand.

This rural drama is a production of New England types and phases and is said to be an admirable piece of work. The naturalism of the play itself is increased and heightened by the realistic

H. MOLLER.
In "Way Down East."

fashion in which it has been mounted. It makes cold chills run down one's spinal column to see the pitiless driving snow which whirls past the windows of the old New Hampshire farm house. Stage snow storms have heretofore lacked variety. Paper snow flakes sifted from perforated boxes in the flies, generally fall in a very limited area, but Mr. Grismer who staged "Way Down East" has hit upon a new device. This

In "Way Down East."

particular snow storm seems to have set in to last the rest of the winter. The flakes drive past the windows as if blown upon the winds of a gale; they are in fact blown by machinery. It is all intensely interesting and extremely picturesque.

The company which Manager Brady has selected for this piece is one of the very strongest ever gathered for a play of this kind.

"RUDOLPH AND ADOLPH."

One very unique statement in the advertisement matter of the "Rudolph and Adolph" performance which is to appear at the Brainerd opera house next Thursday evening, December 8, is this one: "We do not claim to particularly elevate the stage, but we do guarantee to drive away blues." It is the most amusing melange that has ever been seen in Brainerd. The following is the way the performance took at Grand Rapids, Mich., according to the Post of that city:

"The three-act farcical melange, 'Rudolph and Adolph,' drew a packed house in the Majestic last night and proved worthy of the gathering for those who went to be amused. It is a farce-comedy, made good by a capable company, with Harry West and Harry M. Price as 'Rudolph' and 'Adolph.' Germans of remarkable resemblance, but no relationship, who constantly get into humorous complications.

The farce makes no pretensions of being anything but an amuser. It is to be regretted that it was but a one-night engagement, as Majestic patrons generally fill the house at each performance when the comedians are good, as they were last night."

MERCHANTS' CARNIVAL.

The grand spectacular carnival to be given at the opera house Monday and Tuesday evenings, Dec. 12 and 13 will be a pleasing diversion from all local talent productions given in the past.

The performance is a most unique one consisting as it does of costumes ranging from the ridiculous to the sublime, pantomimic features that are "really funny." Humorous farces forty little tots in fairy delicates, tuneful sextettes, black face, astounding electrical effects and many other features equally meritorious. Never a dull moment throughout the entire performance and given with the dash and brilliancy of professionalism which fact has made this presentation so popular throughout the country. Under the auspices of the ladies of the Congregational church and under the personal direction of Carol E. Johnson.

"THE TENDERFOOT."

A high class attraction announced to appear at the Brainerd opera house soon is the big musical comedy, "The Tenderfoot."

"SIGN OF THE CROSS."

"Sign of the Cross" will be seen soon at the Brainerd opera house, presented by a capable company.

FIRE IN WORLD'S FAIR CROWNED

Thought to Have Been the Work of an incendiary.

St. Louis, Dec. 3.—A conflagration which gave the firemen a stubborn fight, and which, owing to the high wind, threatened the entire exposition grounds, was discovered in Ancient Rome on the Pike shortly after midnight.

The flames spread with great rapidity and destroyed part of Fair Japan, all of Quo Vadis and the Streets of Rome. Flying sparks also caused incipient blazes on the roof of the Varied Industries building, but they were extinguished without material damage.

It is stated by Jefferson Guards that the fire was of incendiary origin. The guards who first arrived on the scene declare that they saw a man running away from the place where the blaze originated, but that they lost track of him in the darkness.

Persons connected with Ancient Rome say that a watchman, whom they knew as "Scotty," has been missing since the fire was discovered and they believe he was burned.

A man giving the name of Arthur N. Dunn was arrested and a charge was placed against him of "suspected arson." When he was searched, a hunting case watch and eleven ladies' handbags were found.

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

ADmits HE ACCEPTED A FEE.

Witness in Land Frauds Trial Says He Was Paid.

Portland, Ore., Dec. 3.—J. W. Heidecke of Detroit, Ore., was the first witness called in the land fraud trial Friday. In his opening statement he told of having been through townships 11, 12, many times with a surveying party, which ran the lines in the township in 1895 or 1896, he could not say which.

According to his story there were no signs of habitation on any of the claims.

The witness, hesitating at times, told the story of how he was induced to countenance crime by the acceptance of a fee, which he said was paid him by S. A. D. Putter. The long story of his connection with the affair was to the effect that he was paid to take government inspectors over the lands and try to straighten out the trouble for the alleged conspirators. The sums paid to Heidecke were not large.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at H. P. Dunn & Co.'s drugstore.

MONTANA MAN MURDERED.

Young Ranchman Shot Down While Reading in His Cabin.

White Sulphur Springs, Mont., Dec. 3.—Jomer E. Ward, a ranchman, aged twenty-three, living about twenty-four miles north of here, was found dead in his cabin Friday. His body was partly burned and there was a bullet hole in the head. A hole through a window pane indicated that he had been shot from behind as he was seated at his table reading. The body had been laid upon the bed, covered with bedclothing, saturated with kerosene oil and a match applied. The act of incendiarism, however, had failed. The crime was probably committed several days ago.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age, dyspepsia, jaundice, fever, constipation all yield to this perfect Pill. 25c at H. P. Dunn & Co.'s drug store.

FOUR TRAINMEN DIE

FATAL COLLISION OCCURS ON THE PENNSYLVANIA ROAD NEAR COLUMBUS, IND.

Columbus, Ind., Dec. 3.—While running fifty miles an hour northbound passenger train No. 27 on the Pennsylvania road Friday night ran into a construction train about two miles north of this city, instantly killing three men, fatally injuring at least one other, and inflicting slight injuries upon a score of passengers.

The dead are Samuel Crow, engineer; Herman C. Jones, brakeman, and E. W. Achenbach, fireman.

Fireman Calvin Prather, who was fatally hurt, died in a hospital.

The passenger coaches did not leave the track and none of the passengers was badly injured.

Fireman Achenbach's body was burned to a crisp in his engine before the rescuers could reach him. M. I. Kain, engineer of the construction train, escaped with a broken leg.

The construction train was entering a siding south of Cornbrook, and all of the train except the engine and one car were clear.

As soon as news of the wreck reached this city, a relief train with physicians was hurried to the scene. The bodies of the dead men were brought to Columbus as soon as they were removed from the wreck.

The responsibility for the accident has not been placed.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for consumption, coughs and colds, even the worst cases can be cured and hopeless resignation is no longer necessary. Mrs. Louis Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by H. P. FAVORABLE DEVELOPMENTS.

Cooler Weather Proves Stimulating to Trade and Industry.

New York, Dec. 3.—Bradstreet's weekly review of trade says developments have been mainly favorable. Cooler weather has helped retail trade, stimulated reorders from jobbers and improved collections, except in portions of the South, where holding of cotton is reported. Heavy dry goods, clothing, shoes, groceries and hardware note relatively most activity. Holiday trade has opened well and promises a very large aggregate. Breaks in raw material have tended to unsettle cotton goods, inclining sellers toward conservatism, and prints have been reduced at leading markets. All usual measures of trade movement point to a regular turn over proceeding. Clearings are large. November totals having only once been surpassed and then in May, 1901. Failures are fewer in number and liabilities the lightest in any month but one of 1904. Railway earnings testify to a heavy traffic with gains over average, and car shortages are a feature in widely separated sections. Generally speaking the feeling in trade and industry is optimistic, the only drawbacks noted being that manufacturers are confronted with prospective high costs of production, and the prevailing Western drought renders the outlook for the winter wheat crop unfavorable at present.

CONVICT KILLED BY A GUARD.

Prisoner Made Desperate Attempt to Kill Prison Official.

Sioux Falls, S. D., Dec. 3.—Robert White, who was serving ten years for murder, was Friday shot and killed by a guard during an attack he made on Deputy Warden Cooley, who entered his cell, accompanied by four guards and attempted to handcuff the prisoner. White made a murderous attack on the deputy with a table leg and a stool bar. One of the guards, Frank Hogan, drew a revolver and shot him in the hip, the ball glancing upward to the abdomen. He died an hour later.

OF NIGHTLY OCCURRENCE.

More Firing in Vicinity of Leiter Mines at Zeigler, Ill.

Zeigler, Ill., Dec. 3.—Exchange of shots, seemingly in connection with Joseph Leiter's attempt to install non-union workmen in his coal mines here, continue to be of nightly occurrence. There was more firing during the night. The first shot was heard near the company's pumping plant. The searchlight was flashed and rapid-fire guns responded. Soldiers were immediately sent out. As in previous cases no person appeared to have been wounded.

Useless Bother.

"Mrs. Flipperleigh had her husband buried in a metallic casket which was hermetically sealed."

"I don't see why she went to all that trouble. I'll bet he wouldn't have come back, knowing she was here, if he could have done it as easy as not."—Chicago Record-Herald.

FIRE IN WORLD'S FAIR GROUNDS.

Thought to Have Been the Work of an incendiary.

St. Louis, Dec. 3.—A conflagration which gave the firemen a stubborn fight, and which, owing to the high wind, threatened the entire exposition grounds, was discovered in Ancient Rome on the Pike shortly after midnight.

The flames spread with great rapidity and destroyed part of Fair Japan, all of Quo Vadis and the Streets of Rome. Flying sparks also caused incipient blazes on the roof of the Varied Industries building, but they were extinguished without material damage.

It is stated by Jefferson Guards that the fire was of incendiary origin. The guards who first arrived on the scene declare that they saw a man running away from the place where the blaze originated, but that they lost track of him in the darkness.

Persons connected with Ancient Rome say that a watchman, whom they knew as "Scotty," has been missing since the fire was discovered and they believe he was burned.

A man giving the name of Arthur N. Dunn was arrested and a charge was placed against him of "suspected arson." When he was searched, a hunting case watch and eleven ladies' handbags were found.

Hundreds of lives saved every year by having Dr. Thomas' Electric Oil in the house just when it is needed. Cures croup, heals burns, cuts, wounds of every sort.

ADMITS HE ACCEPTED A FEE.

Witness in Land Frauds Trial Says He Was Paid.

Portland, Ore., Dec. 3.—J. W. Heidecke of Detroit, Ore., was the first witness called in the land fraud trial Friday. In his opening statement he told of having been through township 11-7 many times with a surveying party, which ran the lines in the township in 1895 or 1896, he could not say which.

According to his story there were no signs of habitation on any of the claims.

The witness, hesitating at times, told the story of how he was induced to countenance crime by the acceptance of a fee, which he said was paid him by S. A. D. Putter. The long story of his connection with the affair was to the effect that he was paid to take government inspectors over the lands and try to straighten out the trouble for the alleged conspirators. The sums paid to Heidecke were not large.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines none of which relieved me. One day I saw an ad of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c at H. P. Dunn & Co., druggists.

MONTANA MAN MURDERED.

Young Ranchman Shot Down While Reading in His Cabin.

White Sulphur Springs, Mont., Dec. 3.—Flomer E. Ward, a ranchman, aged twenty-three, living about twenty-four miles north of here, was found dead in his cabin Friday. His body was partly burned and there was a bullet hole in the head. A hole through a window pane indicated that he had been shot from behind as he was seated at his table reading. The body had been laid upon the bed, covered with bedclothing, saturated with kerosene oil and a match applied. The act of incendiarism, however, had failed. The crime was probably committed several days ago.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age, dyspepsia, jaundice, fever, constipation all yield to this perfect Pill. 25c, at H. P. Dunn & Co.'s drug store.

FOUR TRAINMEN DIE

FATAL COLLISION OCCURS ON THE PENNSYLVANIA ROAD NEAR COLUMBUS, IND.

Columbus, Ind., Dec. 3.—While running fifty miles an hour northbound passenger train No. 27 on the Pennsylvania road Friday night ran into a construction train about two miles north of this city, instantly killing three men, fatally injuring at least one other, and inflicting slight injuries upon a score of passengers.

The dead are Samuel Crow, engineer; Herman C. Jones, brakeman, and E. W. Achenbach, fireman.

Fireman Calvin Prather, who was fatally hurt, died in a hospital.

The passenger coaches did not leave the track and none of the passengers was badly injured.

Fireman Achenbach's body was burned to a crisp in his engine before the rescuers could reach him. M. I. Kain, engineer of the construction train, escaped with a broken leg.

The construction train was entering a siding south of Cornbrook, and all of the train except the engine and one car were clear.

As soon as news of the wreck reached this city, a relief train with physicians was hurried to the scene. The bodies of the dead men were brought to Columbus as soon as they were removed from the wreck.

The responsibility for the accident has not been placed.

Disastrous Wrecks.

Carelessness is responsible for many a railway wreck and the same causes are making human wrecks of sufferers from throat and lung troubles. But since the advent of Dr. King's New Discovery for consumption, coughs and colds, even the worst cases can be cured and hopeless resignation is no longer necessary. Mrs. Louis Cragg of Dorchester, Mass., is one of many whose life was saved by Dr. King's New Discovery. This great remedy is guaranteed for all throat and lung diseases by H. P. Dunn & Co., druggists. Price 50c and \$1.00. Trial bottles free.

FAVORABLE DEVELOPMENTS.

Cooler Weather Proves Stimulating to Trade and Industry.

New York, Dec. 3.—Bradstreet's weekly review of trade says developments have been mainly favorable. Cooler weather has helped retail trade, stimulated reorders from jobbers and improved collections, except in portions of the South, where holding of cotton is reported. Heavy dry goods, clothing, shoes, groceries and hardware were note relatively most activity. Holiday trade has opened well and promises a very large aggregate. Breaks in raw material have tended to unsettle cotton goods, inclining sellers toward conservatism, and prints have been reduced at leading markets. All usual measures of trade movement point to a regular turn over proceeding. Clearings are large, November totals having only once been surpassed and then in May, 1901. Failures are fewer in number and liabilities the lightest in any month but one of 1904. Railway earnings testify to a heavy traffic with gains over average, and car shortages are a feature in widely separated sections. Generally speaking the feeling in trade and industry is optimistic, the only drawbacks noted being that manufacturers are confronted with prospective high costs of production, and the prevailing Western drought renders the outlook for the winter wheat crop unfavorable at present.

CONVICT KILLED BY A GUARD.

Prisoner Made Desperate Attempt to Kill Prison Official.

Sioux Falls, S. D., Dec. 3.—Robert White, who was serving ten years for murder, was Friday shot and killed by a guard during an attack he made on Deputy Warden Cooley, who entered his cell, accompanied by four guards and attempted to handcuff the prisoner. White made a murderous attack on the deputy with a table leg and a steel bar. One of the guards, Frank Hogan, drew a revolver and shot him in the hip, the ball glancing upward to the abdomen. He died an hour later.

OF NIGHTLY OCCURRENCE.

More Firing in Vicinity of Leiter Mines at Zeigler, Ill.

Zeigler, Ill., Dec. 3.—Exchange of shots, seemingly in connection with Joseph Leiter's attempt to install non-union workmen in his coal mines here, continue to be of nightly occurrence. As in previous cases no person appeared to have been wounded.

Removal of Skaug Drug Company Store Recalls Some Interesting Facts

WAS THE PIONEER DRUG STORE

Late N. McFadden Did Business at Same Location Twenty-Eight Years Ago

The fact that the Skaug Drug Company is moving its stock of drugs into the new Imperial block impels the man of the reminiscent mind to turn back over past events and glean some rather interesting things.

The notable thing about the change is the fact that there has been a drug store at the location where the Skaug Drug company is moving out of since the year 1876, nearly thirty years ago.

In 1876 the late N. McFadden built a small frame building on the site and for years conducted a drug store. In 1885 he and H. A. Towne entered into some arrangement whereby Mr. Towne built the present Towne-McFadden block. During this year while the new brick building was being erected the small frame building was moved in the middle of the street and N. McFadden did business here all one summer. Later this frame building was moved beside the old rink on Sixth street and before the fire about a year ago was occupied by the Martin Shear & Clipping company.

After the new block was built Mr. McFadden continued in the drug business until he died.

It was at this location that C. D. Johnson was in business for years. The name was McFadden & Johnson from 1877 to 1882, C. D. Johnson retiring in the latter year. The late F. B. Johnson came to Brainerd in 1882 and worked for the late N. McFadden until 1893 when he was taken in as a partner and the firm name was then changed to the McFadden Drug company. Mr. McFadden died in 1897 and F. B. Johnson managed the business until his death two years ago.

It was also for this firm that H. P. Dunn first worked when he came to Brainerd.

The place was therefore a familiar one to the people of Brainerd and the change that has been wrought during the past few days cannot but help bring up pleasant memories.

BOWLING ALLEY OPENING

Mann Bros.' Elegant New Bowling Alley to Be Opened to the Public this Evening.

It was a decided disappointment to Mann Bros. as well as to the public that the balls for the new bowling alley failed to arrive so as to open last evening as advertised. They arrived this morning and the opening will be held this evening. These alleys are the very best that money can buy and have been installed by experts in the business, and it is safe to say that there is not a place in the state where better records can be made than on the Mann Bros.' alley in the Walverman block. The same careful attention to detail and courteous treatment that has made such a success of the Mann Bros.' billiard parlor, the most popular resort of the kind in the history of Brainerd, has been extended to the fitting up and management of the alleys and this sport is certain to become one of the popular pastimes of the gentlemen of Brainerd. This sport is not only fascinating and engrossing, but is one of the best exercises that can be found and a game or two every day will give more than its cost in improved health and increased strength and vigor. Don't fail to drop in this evening and watch the play even if you do not care to indulge.

Why no Warrant Was Issued.

EDITOR OF THE DISPATCH:

Dear Sir:—I notice in your issue of Dec. 1 an article headed, "Officers of the Law or Intriguers, Which?" I wish to state my position for the benefit of the general public and not as an answer to the communication of Messrs. Daniels and McIntosh.

On the night of Nov. 22 at about 8 p. m., Deputy Sheriff Winters came to my office with this man Daniels and McIntosh and asked for a warrant for the arrest of the latter's wife, who had fled, taking with her about \$100 which belonged to him and which he had entrusted to her for safe keeping. After looking the matter up I came to the conclusion that it would be impossible to convict on this charge and so told Winters, Daniels and McIntosh, but to make sure I asked Deputy Sheriff Winters to go and see County Attorney Crowell and I would remain in my office and consult with him in regard to issuing a warrant. This was about 10 p. m. I remained in my office until 11:45 p. m., waiting for the county attorney and then started for home. At the depot I met Mr. Crowell and asked him why he had not come to my office to advise relative to issuing a warrant, and his reply was that no one had asked him to come, and that Deputy Sheriff Winters had found him but had said nothing about me wanting to see him. But he (Crowell) was satisfied a conviction could be made and that he would have Sheriff Erickson go and get her and that the warrant could be issued the next day. Mr. Crowell returned on the 4 a. m. train. I was in my office all day the 23rd expecting him to come and make a complaint, but he failed to show up and make a complaint, and no complaint being made how would it be possible to issue a warrant. On the evening of the 23rd I met Mr. Crowell on the street, and asked what he thought of the case, and he said he had instructed Deputy Sheriff Winters to hold this woman until the morning of Nov. 28th, and that he was going out home in the country to spend Thanksgiving. On the same evening, at about 10 p. m., Sheriff Erickson came to my house, and we talked over the matter, and I told him I would consult with another attorney in the morning relative to the matter, which I did not only with one, but with three, who advised me that the position I took was right. These are the facts of the case and this explanation is made to the general public and not to G. M. Daniels and C. McIntosh.

And in answer to the question why a warrant was not granted upon the request of Deputy Sheriff Winters, I will state right here that neither Deputy Sheriff Winters or any other deputy

sheriff can get warrants from me on charges in which I am satisfied no conviction can be made, nor warrants issued for the purpose of obtaining fees which are paid by the tax payers, and no results obtained.

EDITOR OF THE DISPATCH:

Dear Sir:—I notice in your issue of Dec. 1 an article headed, "Officers of the Law or Intriguers, Which?" I wish to state my position for the benefit of the general public and not as an answer to the communication of Messrs. Daniels and McIntosh.

On the night of Nov. 22 at about 8 p. m., Deputy Sheriff Winters came to my office with this man Daniels and McIntosh and asked for a warrant for the arrest of the latter's wife, who had fled, taking with her about \$100 which belonged to him and which he had entrusted to her for safe keeping. After looking the matter up I came to the conclusion that it would be impossible to convict on this charge and so told Winters, Daniels and McIntosh, but to make sure I asked Deputy Sheriff Winters to go and see County Attorney Crowell and I would remain in my office and consult with him in regard to issuing a warrant. This was about 10 p. m. I remained in my office until 11:45 p. m., waiting for the county attorney and then started for home. At the depot I met Mr. Crowell and asked him why he had not come to my office to advise relative to issuing a warrant, and his reply was that no one had asked him to come, and that Deputy Sheriff Winters had found him but had said nothing about me wanting to see him, but he (Crowell) was satisfied a conviction could be made and that he would have Sheriff Erickson go and get her and that the warrant could be issued the next day. Mr. Crowell returned on the 4 a. m. train. I was in my office all day the 23rd expecting him to come and make a complaint, but he failed to show up and make a complaint, and no complaint being made how would it be possible to issue a warrant. On the evening of the 23rd I met Mr. Crowell on the street, and asked what he thought of the case, and he said he had instructed Deputy Sheriff Winters to hold this woman until the morning of Nov. 28th, and that he was going out home in the country to spend Thanksgiving. On the same evening, at about 10 p. m., Sheriff Erickson came to my house, and we talked over the matter, and I told him I would consult with another attorney in the morning relative to the matter, which I did, not only with one, but with three, who advised me that the position I took was right. These are the facts of the case and this explanation is made to the general public and not to G. M. Daniels and C. McIntosh.

And in answer to the question why a warrant was not granted upon the request of Deputy Sheriff Winters, I will state right here that neither Deputy Sheriff Winters or any other deputy

sheriff can get warrants from me on charges in which I am satisfied no conviction can be made, nor warrants issued for the purpose of obtaining fees which are paid by the tax payers, and no results obtained.

SAME LOCATION SINCE YEAR 1876

Removal of Skaug Drug Company Store Recalls Some Interesting Facts

WAS THE PIONEER DRUG STORE

Late N. McFadden Did Business at Same Location Twenty-Eight Years Ago

The fact that the Skaug Drug Company is moving its stock of drugs into the new Imperial block impels the man of the reminiscent mind to turn back over past events and glean some rather interesting things.

The notable thing about the change is the fact that there has been a drug store at the location where the Skaug Drug company is moving out of since the year 1876, nearly thirty years ago.

In 1876 the late N. McFadden built a small frame building on the site and for years conducted a drug store. In 1885 he and H. A. Towne entered into some arrangement whereby Mr. Towne built the present Towne-McFadden block. During this year while the new brick building was being erected the small frame building was moved in the middle of the street and N. McFadden did business here all one summer. Later this frame building was moved beside the old rink on Sixth street and before the fire about a year ago was occupied by the Martin Shear & Clipping company.

After the new block was built Mr. McFadden continued in the drug business until he died. It was at this location that C. D. Johnson was in business for years. The name was McFadden & Johnson from 1877 to 1882, C. D. Johnson retiring in the latter year. The late F. B. Johnson came to Brainerd in 1882 and worked for the late N. McFadden until 1893 when he was taken in as a partner and the firm name was then changed to the McFadden Drug company. Mr. McFadden died in 1897 and F. B. Johnson managed the business until his death two years ago.

It was also for this firm that H. P. Dunn first worked when he came to Brainerd.

The place was therefore a familiar one to the people of Brainerd and the change that has been wrought during the past few days cannot but help bring up pleasant memories.

BOWLING ALLEY OPENING

Mann Bros.' Elegant New Bowling Alley to Be Opened to the Public this Evening.

It was a decided disappointment to Mann Bros. as well as to the public that the balls for the new bowling alley failed to arrive so as to open last evening as advertised. They arrived this morning and the opening will be held this evening. These alleys are the very best that money can buy and have been installed by experts in the business, and it is safe to say that there is not a place in the state where better records can be made than on the Mann Bros.' alley in the Walverman block. The same careful attention to detail and courteous treatment that has made such a success of the Mann Bros.' billiard parlor, the most popular resort of the kind in the history of Brainerd, has been extended to the fitting up and management of the alleys and this sport is certain to become one of the popular pastimes of the gentlemen of Brainerd. This sport is not only fascinating and engrossing, but is one of the best exercises that can be found and a game or two every day will give more than its cost in improved health and increased strength and vigor. Don't fail to drop in this evening and watch the play even if you do not care to indulge.

IN SOCIAL CIRCLES

Mrs. W. H. Durham entertained last evening at "500" in honor of Mrs. William Simpson, who is a guest in the city. There were three tables played.

The "corn festival" at the home of Mr. and Mrs. A. Angel last evening was an interesting event. The home was decorated in a rather quaint and unique manner with corn, corn husks, etc.

Brainerd Aerie, Order of Eagles, is planning for a big ball and banquet to be given sometime during the holidays.

A new social club is to be organized in the city to be composed of a large number of well known Brainerd people and dancing parties will be given throughout the winter. The first meeting will be held a week from next Tuesday night, the place of meeting to be determined on before that time.

Dr. Fred Davis, a son of Rev. George H. Davis, formerly rector of St. Paul's church of Brainerd, was married in St. John's Episcopal church, Mankato, on Monday evening to Miss Erna Marie Lossow, of St. Clair, the groom's father performing the ceremony. The Mankato Daily Free Press of Tuesday contains a full report of the wedding, which it describes as "a very pretty as well as happy wedding."

The members of North Star Lodge, I. A. of M., will give their 14th annual ball at Gardner hall on New Year's eve. The balls given by the North Star boys are very popular and a good time may be anticipated. The affair is in the hands of competent committees, viz: Arrangements—W. Salmon, S. Gardner, E. W. Campbell; Music—H. B. Miller, R. A. Henning, D. J. McKay; Printing—A. J. Halladay, I. Storm, W. McCarthy; Invitation—E. F. A. Evanson, A. Manderson, D. Templeton, J. H. Strickler, F. Bryant; Floor—H. The Navy as a Profession For Young Men

By Rear Admiral GEORGE W. MELVILLE, U.S.N.

CONSIDERING the opportunities an enlisted man in the navy has for acquiring increased technical skill, noting foreign methods, SECURING ADVANCEMENT IN PAY AND PLACE, and of developing manhood and character, I unhesitatingly recommend young men to seek a career in the navy, even though a commission may not await them.

The demand for leading petty officers is so urgent in the naval service that practically all the commanding officers are willing to give men advancement EVERY NINE MONTHS, and in some cases promotion is accorded at shorter intervals.

It is because depreciation must be prevented and efficiency maintained that there must be assigned to every modern warship a large complement of highly trained and educated officers as well as a skilled and resourceful crew. The number of officers of high rank in the navy must therefore necessarily be great. There must likewise be among the enlisted force a very large percentage of men WHO RECEIVE HIGH PAY AND WHO ARE ACCORDED RESPECT AND CONSIDERATION. In all probability the average pay of those on board a warship is over double that received by troops in barracks or in camp.

The opportunity for professional advancement is also very much greater on shipboard than on shore. The man who possesses technical skill, application of purpose and power of resource, WHETHER HE BE AN ENLISTED MAN OR AN OFFICER, will have an opportunity during the three years' cruise in home or foreign waters of steadily improving himself. It is the certainty of quick promotion for the officer, good pay for the men and opportunity FOR BOTH of securing increased knowledge, as well as loyalty to the flag, that should make the navy a career that should be sought by tens of thousands of young men who now know nothing about the service.

Service in the navy does not unfit either the enlisted man or the commissioned officer for a business career. Probably the best answer to the question as to whether or not the navy trains men for a future career can be given by noting the success of the thousands of business and professional men NOW IN CIVIL LIFE who once mustered on the quarter deck of some man-of-war.

As the navy offers much to the enlisted man, it ought to and does offer more to those who have been honored by receiving a commission in the service.

A career in the navy gives every officer who possesses application an opportunity to SPECIALIZE along particular lines. The opportunity also presents itself for such an officer by travel and observation to acquaint himself with the strength and weakness of other nations, to acquire their language, to read their best literature and to note the great works that have been wrought by the MASTER MINDS of those countries.

THE WHOLE TREND OF THE NAVAL LIFE IS TO CULTIVATE STRONG FRIENDSHIPS, INDUCE MEN TO BE FEARLESS IN THE DISCHARGE OF DUTY, DEMAND EFFICIENCY UPON THE PART OF THE INDIVIDUAL AND HONOR THE UNASSUMING. THERE IS AN INDEFINABLE POWER IN A LIFE WORK AT SEA THAT TENDS TO BRING OUT THE BEST IN THE MAN.

The Poker Playing Woman Is an Abomination

By Rabbi ISADOR PHILO of Akron, O.

A WOMAN may have a full house of children, but FOUR JACKS WILL BEAT HER MOTHERHOOD and rake in the spoils of what makes her lovable and adorable in the eyes of every full statured woman. Nothing will change my opinion that THE POKER PLAYING WOMAN IS AN ABOMINATION to the Lord.

WHEN A WOMAN PLAYS POKER SHE DEALS AWAY HER MODESTY, HER REFINEMENT, HER WOMANHOOD.

I sincerely believe that one of the marked differences in the makeup of the modern young woman is the absence in her nature of the spiritual element. To the absence of this element I trace most of the deficiencies which distinguish her from her Biblical sisters.

The modern young woman has emancipated herself from the bonds of religious duty and obligation. SHE HAS BECOME A PAGAN. She has outgrown the holy confines of the home. The home has become too small for her growing worldliness.

Our young woman, single or married, MAKES OF THE HOME A GAMING SHOP, not a school to train sturdy character. Her society is like her home, made up of prize euchre winners, grass widows and divorcees, gossip mongers and tale bearers, slander slingers and mud throwers.

I regard with consternation the transition which has taken place in the character of young womanhood. Young women cannot afford to divorce religion.

RELIGION IS THE FOUNDATION OF DOMESTIC HAPPINESS, THE SAFEGUARD OF CHASTITY, MODESTY, REFINEMENT, CHARACTER. IT IS THE ANGELIC ELEMENT OF THE PUREST WOMANHOOD.

POETRY IS TRUTH

By EDWIN MARKHAM, Author of "The Man With the Hoe"

POETRY is truth, and she creates in strict harmony with the laws of imagination that are from everlasting. POETRY IS TRUTH, although the light of science may not reveal her face. But this fact need not disquiet us. Stars also are invisible in the light of day, yet the stars are there! Still science is beginning to admit that the intuitions of the soul are as real as her star dust and her protoplasm.

A HAPPY MOTHER
WREATHFORD, TEXAS.
May 14, 1903.
Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

TREASURER, YOUNG MATRONS CLUB.
Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which influence and control the system. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble. Wine of Cardui cures barrenness and aids the mother in conserving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mothers to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth.

The Navy as a Profession For Young Men

By Rear Admiral GEORGE W. MELVILLE, U. S. N.

CONSIDERING the opportunities an enlisted man in the navy has for acquiring increased technical skill, noting foreign methods, SECURING ADVANCEMENT IN PAY AND PLACE, and of developing manhood and character, I unhesitatingly recommend young men to seek a career in the navy, even though a commission may not await them.

The demand for leading petty officers is so urgent in the naval service that practically all the commanding officers are willing to give men advancement EVERY SIX MONTHS, and in some cases promotion is accorded at shorter intervals.

It is because depreciation must be prevented and efficiency maintained that there must be assigned to every modern warship a large complement of highly trained and educated officers as well as a skilled and resourceful crew. The number of officers of high rank in the navy must therefore necessarily be great. There must likewise be among the enlisted force a very large percentage of men WHO RECEIVE HIGH PAY AND WHO ARE ACCORDED RESPECT AND CONSIDERATION. In all probability the average pay of those on board a warship is over double that received by troops in barracks or in camp.

The opportunity for professional advancement is also very much greater on shipboard than on shore. The man who possesses technical skill, application of purpose and power of resource, WHETHER HE BE AN ENLISTED MAN OR AN OFFICER, will have an opportunity during the three years' cruise in home or foreign waters of steadily improving himself. It is the certainty of quick promotion for the officer, good pay for the men and opportunity FOR BOTH of securing increased knowledge, as well as loyalty to the flag, that should make the navy a career that should be sought by tens of thousands of young men who now know nothing about the service.

Service in the navy does not unfit either the enlisted man or the commissioned officer for a business career. Probably the best answer to the question as to whether or not the navy trains men for a future career can be given by noting the success of the thousands of business and professional men NOW IN CIVIL LIFE who once mustered on the quarter deck of some man-of-war.

As the navy offers much to the enlisted man, it ought to and does offer more to those who have been honored by receiving a commission in the service.

A career in the navy gives every officer who possesses application an opportunity to SPECIALIZE along particular lines. The opportunity also presents itself for such an officer by travel and observation to acquaint himself with the strength and weakness of other nations, to acquire their language, to read their best literature and to note the great works that have been wrought by the MASTER MINDS of those countries.

THE WHOLE TREND OF THE NAVAL LIFE IS TO CULTIVATE STRONG FRIENDSHIPS, INDUCE MEN TO BE FEARLESS IN THE DISCHARGE OF DUTY, DEMAND EFFICIENCY UPON THE PART OF THE INDIVIDUAL AND HONOR THE UNASSUMING. THERE IS AN INDEFINABLE POWER IN A LIFE WORK AT SEA THAT TENDS TO BRING OUT THE BEST IN THE MAN.

The Poker Playing Woman Is an Abomination

By Rabbi ISADOR PHILLO of Akron, O.

A WOMAN may have a full house of children, but FOUR JACKS WILL BEAT HER MOTHERHOOD and rake in the spoils of what makes her lovable and adorable in the eyes of every full statured woman. Nothing will change my opinion that THE POKER PLAYING WOMAN IS AN ABOMINATION to the Lord.

WHEN A WOMAN PLAYS POKER SHE DEALS AWAY HER MODESTY, HER REFINEMENT, HER WOMANHOOD.

I sincerely believe that one of the marked differences in the makeup of the modern young woman is the absence in her nature of the spiritual element. To the absence of this element I trace most of the deficiencies which distinguish her from her Biblical sisters.

The modern young woman has emancipated herself from the bonds of religious duty and obligation. SHE HAS BECOME A PAGAN. She has outgrown the holy confines of the home. The home has become too small for her growing worldliness.

Our young woman, single or married, MAKES OF THE HOME A GAMING SHOP, not a school to train sturdy character. Her society is like her home, made up of prize euchre winners, grass widows and divorcees, gossip mongers and tale bearers, slander slingers and mud throwers.

I regard with consternation the transition which has taken place in the character of young womanhood. Young women cannot afford to divorce religion.

RELIGION IS THE FOUNDATION OF DOMESTIC HAPPINESS, THE SAFEGUARD OF CHASTITY, MODESTY, REFINEMENT, CHARACTER. IT IS THE ANGELIC ELEMENT OF THE PUREST WOMANHOOD.

A HAPPY MOTHER

WEATHERFORD, TEXAS.
May 14, 1903.

Before my baby was born I was in great misery. I was just able to be about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I feel that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your medicine for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

Mrs. E. C. Wood
TREASURER, YOUNG MATRONS' CLUB.

Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which inflammation and weakness have affected. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble. Wine of Cardui cures barrenness and aids the mother in conserving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mothers to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth.

All druggists sell \$1.00 bottles Wine of Cardui.
